PROFILE

I am an experienced and highly skilled Java, JavaScript and Ruby on Rails software engineer with over 16 years of experience in developing high quality software and seek to further develop my skills in a challenging position. I am a highly analytical and methodical person due to my academic background in psychology.

EMPLOYMENT HISTORY

Senior Web Application Developer, Self-Employee
Vienna

Feb 2015

- Website and software application designing, building, or maintaining.
- Using scripting or authoring languages, management tools, content creation tools, applications and digital media.
- Conferring with teams to resolve conflicts, prioritize needs, develop content criteria, or choose solutions.
- Evaluating code to ensure it meets industry standards, is valid, is properly structured, and is compatible with browsers, devices, or operating systems.
- Directing or performing Website updates.
- Developing or validating test routines and schedules to ensure that test cases mimic external interfaces and address all browser and device types.
- Maintaining an understanding of the latest Web applications and programming practices through education, study, and participation in conferences, workshops, and groups.
- Back up files from Web sites to local directories for recovery.
- Identifying problems uncovered by customer feedback and testing, and correcting or referring problems to appropriate personnel for correction.

Senior Software Developer, Open Food Foundation
Amsterdam, Vienna

Mar 2017 — Jan 2020

Spanish

Open Source Project developed in Ruby on Rails and Angular. My task was to help the UK team to get   problems solved and implement new requests from Users.

- Determining user needs by analyzing technical requirements.
- Editing, writing, or designing Website content, and directing team members who produce content.

Designer & Creator of the course "Create blocks of WordPress" in Spanish, V de Vidania

Vienna

Jan 2020 — Dec 2018

I designed, created, recorded and presented an online course to create blocks with React for the new WordPress Editor, Gutenberg,

It contains 34 videos and 27 example blocks, well documented and easy to understand for new WordPress users and not experienced React Developers.

Audio, documentation and subtitles are in Spanish.
